BRIEF ABSTRACT OF LETTER.

Forwards, with His Highness' orders the papers relating to the establishment for breaking horses at the Kunigal Stud Farm, for being placed before the Board after consulting the Fin: Branch.

NOTES AND ORDERS.

The proposal which involves Rs: 3000 on account of initial expenses + Rs: 2660 on account of recurring charges, is extra to the present scale of Establishment attached to the Kunigal Stud Farm c. Rs: 5604 per annum (vide Gos. dtd 2.3.01

no source has been pointed out from which the expenditure required for the current year will be met. Judging from the frequent demands from the military authorities for additional grants, it is unlikely that he will be able to meet this expenditure by re-appropriation. We are practically working on a definite Budget and unless good Surrenders come in, it will be difficult to meet such cases. The amount however is small and may be sanctioned.

MK 11/3

I understand that the abolition of the Municipal Stud Farm is under the consideration of Govt. and the question has been referred to the Retrenchment Committee. Whether at this stage of the case, a recurring expenditure of Rs 3000 is to be sanctioned, is a matter which requires to be carefully considered.

E 11.3.08

Secy) The matter is one chiefly concerning the administrative department. So far as financial rules are concerned, the chief points to be borne in mind are that unless the entertainment of the new escort is absolutely necessary, the immediate & cannot be put off till 1st July

proposals should be given effect to only from 1st July 08, and that some reappropriation from sanctioned grants ought to be found for the expenditure this year. As regards the rates of pay ~~[illegible]~~ proposed, the Veterinarian's pay was increased to 200 R only a few years ago; it is a question whether an allowance of 50 Rs is necessary for supervision of the breaking in of colts, and whether an allowance of 25 Rs may not be enough.

I expected that the subject would be taken up at a Council meeting when a conclusion could be reached after a discussion of alternatives.

It seems to me that the establishment asked for is not excessive, and should be sanctioned, if Col Jones should put the work in hand at the Kunigal stud farm.

But the difficulty is as to funds. It seems inadvisable to be thus adding on to the State expenditure generally, & that of the Kunigal stud farm in particular. Unless some other appropriate way of effecting a saving in another direction can be suggested, it appears to me that this call for additional recurring expenditure

the question is intimately connected with the future of the Kunigal stud farm which is under the active consideration of the Retrenchment Committee. by a re appropriation from the sanctioned Military Budget. Quite recently we sanctioned an addl. to the Military Budget of over Rs 25,000 a year. Financial limitations impose a restriction on the expansion of expenditure of this sort. The report of the Retrenchment Committee, on Burma & Sowar forces is already before Govt. and it may be possible by a reduction of orderly duties in the direction suggested, to find the funds necessary for the breaking-in Establishment for the Remount Stud farm

Submitted to His Highness

With reference to His Highness' order date 6th March in regard to the scheme submitted by the Military Assistant for breaking in horses at the Kunigal Stud Farm, I resubmit the papers on the subject, with the notes of the Financial Branch and the opinions of the Councillors.

The Financial Branch points out that unles the expenditure proposed is urgent and cannot be put off till the next official year, the proposals shoul be given effect to after the 1st July 1908 and that if the expenditure has to be incurred this year the money should be found by re-appropriation of sanctio ed grants.

The First Councillor is of opinion that "th establishment asked for is not excessive, and should be sanctioned if Col. Jones should put the work in hand at the Kunigal Stud Farm." Regarding funds, he considers it "inadvisable to be adding on to the Stat expenditure generally and to that of the Kunigal Far in particular", and says that "unless some way of effecting a saving in another direction can be suggest ed, this call for additional recurring expenditure e phasises the need for effecting" the retrenchments re commended by the Retrenchment Committee in connection with the es cort duties of the Local Service Regiments. These papers were submitted to His Highness with my note dated 12th March 1908.

The Second Councillor points out that the

question is intimately connected with the question of the future of the Kunigal Stud Farm and states that any additional expenditure for the Military Department should be met by a re-appropriation from the sanctioned Military Budget.

I submit the matter for His Highness' orders. The initial cost of the scheme is estimated at Rs. 3,000 and the annual establishment charges at Rs.2660; but the cost for the current year would not be large and may, if necessary, be sanctioned as an additional grant.

If the scheme is sanctioned, I would recommend that the establishment may be treated as temporary for the present.

With reference to His Highness' order dated 30th March 1908 sanctioning the temporary entertainment of certain additional establishment for the Kunigal Stud Farm, I submit for orders the Military Assistant's letter No.3255 dated 18th April 1908 and his note dated 15th April 1908, saying that he cannot entertain the establishment, unless it is permanent.

As the proposals of the Retrenchment Committee in regard to the Kunigal Stud Farm are expected very early, I do not think it desirable to order the establishment being made a permanent one until after the issue of orders on the Retrenchment Committee's proposals.
